

Webinar On  
**“Workshop Streaming Research Publication and Improving  
Visibility and Citations”**  
Organized by

Faculty of Lib. & Inf. Sci & IQAC, Parul University

For academics, the goal is not only to publish their name in print but to make an impact in society and community. For this purpose, published research has to be disseminated properly. Most of the articles are not cited because of poor visibility of that article. The Journal policy may play a major role in the article visibility. Some Journal without authentication we are not able to view that research papers. Faculty of Library & Information Science & Internal Quality Assurance Cell, Parul University had organized webinar on **“Streaming Research Publication and improving Visibility and Citations”** in collaboration with INFLIBNET Centre, Gandhinagar on 28<sup>th</sup> October, 2020.
