## PARUL UNIVERSITY FACULTY OF HOMOEOPATHY PRELIMINARY EXAMINATION ACADEMIC YEAR (2022-2024)

Year: 4 BHMS

Subject Code: 04101407 Time: 8:30am tol1:30pm Subject Name: Homoeopathic Materia Medica - 2

Date: 1/01/2024

Total Marks: 100

Instructions:	
1) Attempt all questions from each section.	
2) Figures to the right indicate full marks	
Make suitable assumptions wherever people	urv.
Write section A, Section B on separate approximately	er sheets.
<ol><li>Draw diagram wherever necessary.</li></ol>	
O1) Define Surcodes with their	SECTION: A
Q1) DefineSarcodes with their group characteristic	cs? Write guiding symptoms of Iodum(15)
Q1) Drug picture of Plumbummettalicum in detail	OR
Q2) Describe	(15)
a)Skin of Anthracinum(7)	
b) Lilium tig female (8)	
` '	OR
Q2) Describe Solanaceae family – group character	ristics, generalities, mind with general modalities? (15)
<ol> <li>Radium bromatum – therapeutic util</li> </ol>	ility
<ol><li>Compare and contrast rectal compla</li></ol>	aints of Ratanhia and Collinsonia
or symptoms of Condurango	Talamia and Commiscina
4. Female of Murex	
<ol><li>Skin of Hydrocotyle.</li></ol>	
(4) Write answers	
<ol> <li>Constipationstoolare hard, knotty li</li> </ol>	ike sheep's dung, difficult to pass, crumbling at verge of anus
<ol><li>When Arsenicum or best selected re</li></ol>	emedy fails to relieve the burning pain of carbuncles or malignant
3. Sore throat and cough are ant to be	
one unroat and cough are apt to be	gin and end with menstruation, pain shoot to ear
Monses delayed, difficilly a glass of	gin and end with menstruation, pain shoot to ear  f milk will promptly suppress flow until next period
Inolises delayed, difficilly a glass of	gin and end with menstruation, pain shoot to ear f milk will promptly suppress flow until next period Itreated and suppressed gonorrhea
" Interises delayed, difficility a glass of	t milk will promptly suppress flow until next periodltreated and suppressed gonorrhea
5. For the constitutional effects of mal	I milk will promptly suppress flow until next and it
5. For the constitutional effects of mal	t milk will promptly suppress flow until next period  Itreated and suppressed gonorrhea  SECTION: B
5. For the constitutional effects of mal	I milk will promptly suppress flow until next period  Itreated and suppressed gonorrhea  SECTION: B
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its	I milk will promptly suppress flow until next period  Itreated and suppressed gonorrhea  SECTION: B
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its	or milk will promptly suppress flow until next period
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its 22) Describe  a) Zincummett- CNS indications	or milk will promptly suppress flow until next period
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its  22) Describe  a) Zincummett- CNS indications	OR s clinical utility. Explain Morgan and Proteus. (15)  (8) (7)
5. For the constitutional effects of mal  1) Write a drug picture on Fluoric acid (15)  1) Define Bowel nosodes and write theory and its  2) Describe  a) Zincummett- CNS indications  b) Mag group indications.	or milk will promptly suppress flow until next period
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its  22) Describe  a) Zincummett- CNS indications b) Mag group indications.  22) Describe the drug picture on Psorinum(15)	or milk will promptly suppress flow until next period
5. For the constitutional effects of mal  (21) Write a drug picture on Fluoric acid (15)  (21) Define Bowel nosodes and write theory and its (22) Describe  a) Zincummett- CNS indications b) Mag group indications.  (22) Describe the drug picture on Psorinum(15)  (23) Write short note (three out of five) (15)	OR s clinical utility. Explain Morgan and Proteus. (15)  (8) (7) OR
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its  22) Describe  a) Zincummett- CNS indications  b) Mag group indications.  22) Describe the drug picture on Psorinum(15)  23) Write short note (three out of five) (15)  1. Respiratory complaints- Stictapul	In Milk will promptly suppress flow until next period
5. For the constitutional effects of mal  (2) Write a drug picture on Fluoric acid (15)  (2) Describe  (3) Zincummett- CNS indications (4) Describe the drug picture on Psorinum(15)  (5) Describe the drug picture on Psorinum(15)  (6) Write short note (three out of five) (15)  1. Respiratory complaints- Stictapul 2. Cardiac complaints- Kalmia and	SECTION: B  OR s clinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its  22) Describe  a) Zincummett- CNS indications  b) Mag group indications.  22) Describe the drug picture on Psorinum(15)  23) Write short note (three out of five) (15)  1 Respiratory complaints- Stictapul  2 Cardiac complaints- Kalmia and 3  Extremities c/o- Lithium carb and	SECTION: B  OR s clinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  22) Describe  23) Zincummett- CNS indications  24) Describe the drug picture on Psorinum(15)  25) Describe the drug picture on Psorinum(15)  26) Write short note (three out of five) (15)  27) 1. Respiratory complaints- Stictapul  28) 29 Cardiac complaints- Kalmia and Street acids acid	SECTION: B  OR s clinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR
5. For the constitutional effects of mal  21) Write a drug picture on Fluoric acid (15)  21) Define Bowel nosodes and write theory and its  22) Describe  a) Zincummett- CNS indications  b) Mag group indications.  22) Describe the drug picture on Psorinum(15)  23) Write short note (three out of five) (15)  1 Respiratory complaints- Stictapul  2 Cardiac complaints- Kalmia and 3  Extremities c'o- Lithium carb and 4  Mind of Carcinosinum  5 Rheum baby	SECTION: B  OR sclinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR Ilmonaria and Rumex Spigelia if Benzoic acid
5. For the constitutional effects of mal  (21) Write a drug picture on Fluoric acid (15)  (21) Define Bowel nosodes and write theory and its (22) Describe  (23) Mag group indications (24) Describe the drug picture on Psorinum(15)  (25) Write short note (three out of five) (15)  1. Respiratory complaints- Stictapul  2. Cardiac complaints- Kalmia and 3  3. Extremities c'o- Lithium carb and 4  4. Mind of Carcinosinum  5. Rheum baby  (44) Write answers	I milk will promptly suppress flow until next period
5. For the constitutional effects of mal  (21) Write a drug picture on Fluoric acid (15)  (21) Define Bowel nosodes and write theory and its  (22) Describe  (23) Mag group indications  (24) Describe the drug picture on Psorinum(15)  (25) Write short note (three out of five) (15)  (26) Respiratory complaints- Stictapul  (27) Cardiac complaints- Kalmia and (15)  (28) Write short note (three out of five) (15)  (29) Extremities c/o- Lithium carb and (15)  (30) Write answers  (41) Write answers  (52) Spermatorrhoea after onanism, ta	In the will promptly suppress flow until next period
5. For the constitutional effects of mal  (2) Write a drug picture on Fluoric acid (15)  (3) Define Bowel nosodes and write theory and its  (2) Describe  (a) Zincummett- CNS indications (b) Mag group indications.  (2) Describe the drug picture on Psorinum(15)  (3) Write short note (three out of five) (15)  1. Respiratory complaints- Stictapul  2. Cardiac complaints- Kalmia and (1)  3. Extremities c/o- Lithium carb and (1)  4. Mind of Carcinosinum  5. Rheum baby  (4) Write answers  1. Spermatorrhoea after onanism, ta (2)  Abdomen cold to touch, yet want	Intik will promptly suppress flow until next period Itreated and suppressed gonorrhea  SECTION: B  OR sclinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR  Ilmonaria and Rumex Spigelia d Benzoic acid  Ilking about women causes emission s abdomen uncovered as it lessens nausea and voniting
5. For the constitutional effects of mal  (21) Write a drug picture on Fluoric acid (15)  (21) Define Bowel nosodes and write theory and its  (22) Describe  (23) Mag group indications  (24) Describe the drug picture on Psorinum(15)  (25) Respiratory complaints- Stictapul  (26) Cardiac complaints- Kalmia and Sale Extremities c/o- Lithium carb and  (27) Mind of Carcinosinum  (28) Write answers  (29) Properties of the drug picture on Psorinum(15)  (29) Write short note (three out of five) (15)  (29) Respiratory complaints- Stictapul  (20) Cardiac complaints- Kalmia and Sale Extremities c/o- Lithium carb and  (21) Write answers  (22) Properties of the drug picture on Psorinum(15)  (23) Write short note (three out of five) (15)  (24) Properties of the drug picture on Psorinum(15)  (25) Properties of the drug picture on Psorinum(15)  (26) Properties of the drug picture on Psorinum(15)  (27) Properties of the drug picture on Psorinum(15)  (28) Write short note (three out of five) (15)  (29) Properties of the drug picture on Psorinum(15)  (29) Properties of the drug picture on Psorinum(15)  (29) Properties of the drug picture on Psorinum(15)  (20) Properties of the drug picture on Psorinum(15)  (21) Properties of the drug picture on Psorinum(15)  (22) Properties of the drug picture on Psorinum(15)  (23) Write short note (three out of five) (15)  (24) Properties of the drug picture on Psorinum(15)  (25) Properties of the drug picture on Psorinum(15)  (26) Properties of the drug picture on Psorinum(15)  (27) Properties of the drug picture on Psorinum(15)  (28) Properties of the drug picture on Psorinum(15)  (29) Properties of the drug picture on Psorinum(15	Intik will promptly suppress flow until next period Itreated and suppressed gonorrhea  SECTION: B  OR sclinical utility. Explain Morgan and Proteus. (15)  (8)  (7)  OR  Ilmonaria and Rumex Spigelia d Benzoic acid  Ilking about women causes emission s abdomen uncovered as it lessens nausea and voniting
