Enrolment No: _____

PARUL UNIVERSITY FACULTY OF LIBRARY AND INFORMATION SCIENCE B.Lib.I.Sc. Summer 2018 - 19 Examination

 (Objective type questions - MCQs) 1. What is including Reprography? a. Microcopying b. In-Plant Printing c. Only a or b d. Both a and b Bytes is a. String of 4 bits b. String of 6 bits c. String of 8 bits d. String of 16 bits 3. Optical Fibre is used in a. Telecommunication c. Automatic classification b. Computerised cataloguing d. Reference and information Services 4. "Data which is liable to change often, and instructions used in the execution of programme" it called? a. RAM b. ROM c. Bytes d. Reference and information Services 4. "Data which is liable to change often, and instructions used in the execution of programme" it called? a. RAM b. ROM c. Bytes d. Giga Bit 5. What type of device is computer printer? a. Input b. Output c. Storage d. Input / Output 6. Whenever more than two units are connected and share some attribute is formed. Fill in Blank from given options a. Communication b. Technology c. Networks d. Information 7. Which services offer by internet? a. Surfing b. Email c. Only a or b d. Both a and b 8. Personal Computer is known as a. Mainframe Computer b. Minicomputer c. Software for University Library b. Safe for unit Laboratory d. Safe for University Library b. Safe for unit Laboratory d. Safe for University Library b. Safe for unit Laboratory d. Safe for University Library 9. What is Internet and W3? How will Library provide better Resources and Services through Internet? 3. Explain Information Technology.<th></th><th>B.Lib.I.Sc.
