Structural Engineering
& Management

Journal of Structural Engineering and Management

Volume 4 | Issue 1
January to April 2017

Contents

<i>Effect of Wind on Multistoried Structure for Irregular Plan with Optimum Shear Wall Location using E-TAB Software</i>	1
A.S. Waghmode, D.N. Kakade, A.P. Wadekar	
<i>Computation of Different Stresses Acting on Cantilever Beam Using Hyperbolic Shear Deformation Theory</i>	7
Pallavi Pankade, Durgesh Tupe, Gajendra Gandhe	
<i>Continuity Plates in the Connections of I-Beam to Box Column have been Replaced with Novel External Stiffener</i>	19
Mohammad Mehdi Masoumi, Navid Chalangan	
<i>Effect of Viscoelastic Dampers on Progressive Collapse Resistance of RC Building</i>	27
Parth Javia, Digesh D. Joshi, Paresh V. Patel	
<i>Influence of Corrosion on Flexural Strength of Concrete</i>	35
A.N. Patil, B.G. Birajdar, B.M. Dawari	
<i>Seismic Response of Braced RC Elevated Water Tanks for Various Seismic Zones</i>	43
Syed Shafahaduddin Quadri, R.M. Sawant	
<i>Effect of Outriggers Location on Performance of RC Building Subjected to Loss of a Column</i>	65
Pragnesh Patel, Digesh D. Joshi, Paresh V. Patel	
<i>Effect of Partial Fixity on Negative Bending Moments in RCC Frames</i>	73
Amit Kumar Gorai, Lalit Kumar Sharma, P. Pal, P.K. Mehta
