

Journal of Construction Engineering Technology & Management

SJIF: 4.404

Journal of Construction Engineering, Technology and Management

Volume 7 | Issue 1
January to April 2017

Contents

<i>Analysis and Assessment of Energy Saving in Building Construction Using Sustainable Building Materials: A Case Study</i>	1
S. Vijaya Bhaskar, K. Nagendra Prasad	
<i>Forecasting of Factors Affecting Thermistom Work Productivity Estimation by Using Artificial Neural Network</i>	10
Sawsan R. Mohamed	
<i>GFRC Beam Thickness Analysis Using FEM</i>	22
Pratap Dhakad, Rakesh Patel	
<i>Study of Natural Ventilation and Lighting in Residential Building</i>	30
Mohamed Irfan. M, Sirajudeen. K, Muthu Kumar. T	
<i>Determination of the Priority in Risks Management of Construction Projects</i>	45
Entisar K. Rasheed	
<i>Effect of Used Cooking Oil on the Characteristics of Concrete including Gap-graded Aggregate</i>	55
Rawa Shaker, Abi rudah Muwashee	
<i>Ranking of Relative Importance of Productivity Factors in Indian Construction Projects</i>	67
J. Darwin Princy, S. Shanmugapriya
