*Contents*

- Reliability Based Topology Optimization with Constraint of Fatigue Life** 82-92  
*M. Muni Prabaharan*
- Delamination Studies in Drilling of GFRP Composites by Using Taguchi Method** 93-106  
*Tom Sunny<sup>1</sup> and J. Babu<sup>2\*</sup>*
- Mechanical and Thermal Buckling Loads of Axisymmetric Concentric Compound Stepped Circular Plates Containing Two Different Materials** 107-120  
*V. Sridhar Patnaik<sup>+</sup>, G. Venkateswara Rao<sup>\*#</sup> and A.V.S.S.K.S. Gupta<sup>\$</sup>*
- A Study to Find out the Influencing Factors for Non-usage of Management Information System in Selected Small Scale Industries** 121-134  
*C.G. Ramachandra<sup>1</sup> and T.R. Srinivas<sup>2</sup>*
- A Comparative Analysis between Small and Medium Scale Manufacturing Company through Total Quality Management Techniques** 135-156  
*Dr. Mohammad Israr<sup>\*</sup> and Dr. Anshul Gangele<sup>\*\*</sup>*
- The Application of Production Scheduling Techniques to Nigerian Industry** 157-166  
*Nnanna Innocent<sup>1\*</sup> and Nwaeze Pauli Nwaeze<sup>2\*</sup>*
