Published by **ACC** Limited

Volume 94 • Number 9 • September 2020 • Pages 88 • ₹ 175

A large, circular, 3D-printed concrete base for a wind turbine tower. The base is composed of many small, interconnected, ring-like structures that form a dense, textured surface. The base is shown from a top-down perspective, highlighting its intricate, lattice-like structure.

**GE Renewable Energy, COBOD and  
LafargeHolcim co-develop  
record-tall wind turbine towers with  
3D-printed concrete bases**
