# Global Journal of Electronic and Communication Research

Volume 5, Number 2 (2014)

## Contents

- Study on Vehicular Traffic at Major Junctions in Visakhapatnam City, India** 101-105  
*K. Durga Rani and S.S.S.V. Gopala Raju*
- Experimental Study on Sill Controlled Stilling Basins for Pipe Outlets** 107-117  
*H.L. Tiwari, Arun Goel and V.K. Gahlot*
- Evaluation of Quality of Sand using Fuzzy Set Theory** 119-124  
*S.N. Yadav, M.S. Bapat and Y.M. Patil*
- Elementary Voice Recognition Security System** 125-132  
*Shaadab Zafar, Rishu Singh, Aniket Umekar and Gaurav Shende*
- Risk Assessment of BOT Desalination Project: A Case Study** 133-142  
*Nima Amani and Meghdad Attarzadeh*
- Effect of Addition of Combination of Admixtures on the Properties of Self Compacting Concrete Subjected to Freezing and Thawing** 143-152  
*Shanthappa B.C. and Prahallada M.C.*
- Bayesian Single Sampling Plan for Attributes based on Two Point Prior Distribution** 153-160  
*R. Subramaniam and V. Yuvaraj*
- Field Data based Model for Site Clearance of Building Construction Activity** 161-168  
*O.S. Bihade*
- Effect of Compaction Techniques on Mechanical Properties of Concrete** 169-174  
*V. Pandian and V. Ramasamy*

- Necessity of Piezo-Ceramic Elements for Geotechnical Field Application** 175-184  
*Dr. Anjan Patel*
- Finite Element Analysis of Flexural Behavior of Fibre Reinforced High Performance Concrete Reinforced Beams** 185-192  
*Prof. D. Maruthachalam and Dr. B.G. Vishnuram*
- Evaluation of Influencing Factors on Trend of Land Price in Chennai Metropolitan Area** 193-208  
*V. Sampathkumar<sup>1</sup> and M. Helen Santhi<sup>2</sup>*
